

WELCOME...

... TO THE FEBRUARY EDITION OF THE OFFICE OF RESEARCH AND SPONSORED PROGRAMS' MONTHLY NEWSLETTER. AS YOU MAY OR MAY NOT KNOW, THE GRANT ANNOUNCEMENT LETTER, OR G.A.L FOR SHORT, IS A MONTHLY OFFERING OF NEW AND UPCOMING GRANT OPPORTUNITIES THAT MAY BE OF INTEREST TO YOU OR YOUR DEPARTMENT.

THIS MONTH'S G.A.L CONSISTS OF GRANT OPPORTUNITIES ACROSS SEVERAL DIFFERENT FIELDS, INCLUDING FUNDING FROM THE NATIONAL ENDOWMENT FOR THE HUMANITIES (NEH), THE DEPARTMENT OF EDUCATION (ED), THE NATIONAL ENDOWMENT OF THE ARTS (NEA), THE STATE DEPARTMENT (DOS), THE DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD), THE NATIONAL INSTITUTE OF HEALTH (NIH), THE DEPARTMENT OF DEFENSE (DOD), THE NATIONAL SCIENCE FOUNDATION (NSF) AND THE NATIONAL INSTITUTE OF DRUG ABUSE (NIDA).

## A MAJOR CONGRATULATIONS TO THE FOLLOWING AWARD RECIPIENTS!

HHS/CDC – Alfredo Morabia

DHHS/HRSA – John Dennehy

USDoE – Mirian Detres-Hickey

NYSDoE – Gita Martohardjono

NSF/BSF – Alicia Melendez

NSF/BSF – Azriel Genack & Mohammad Miri

# O.R.S.P

## Grant

## Announcement

## Letter

FEBRUARY 2023

### What Grants Are Available?

There are more grant opportunities available in your field than you may think! Please contact our office with any and all questions about interests or concerns pertaining to your field and we will work together to facilitate these great opportunities.

### Do Not See Opportunities in Your Field?

This newsletter is only the tip of the iceberg. There are plenty of funding opportunities waiting to be utilized. Simply visit the "Funding Opportunities" section of our website or contact us with keywords that we can then use to specifically find the right grant for you.

# FEBRUARY

## Humanities Initiatives (NEH)

**Scope:**

Applications for the Humanities Initiatives announcement to strengthen the teaching and study of the humanities at institutions of higher education.

**Deadline:**

May 9, 2023.

**Funds:**

\$3 million total for up to 20 awards of up to \$150,000.

**Areas:**

Activities will include developing new or enhancing existing programs; resources, including those in digital format; or courses that explore, interpret, and preserve the diversity of human cultures, ideas, and practices, past and present. Projects must address a core topic or set of themes drawn from humanities areas such as history, philosophy, religion, literature, or humanities-informed composition and writing skills.

[www.grants.gov](http://www.grants.gov); FON# 20230509-AA-AB-AC-AD-AE

## Cultural and Community Resilience (NEH)

**Scope:**

To mitigate climate change and COVID-19 pandemic impacts, safeguard cultural resources, and foster cultural resilience through identifying, documenting, and/or collecting cultural heritage and community experience.

**Deadline:**

May 16, 2023.

**Funds:**

Maximum award of \$150,000.

**Areas:**

The program prioritizes projects from disadvantaged communities in the United States or its jurisdictions, and NEH encourages applications that employ inclusive methodologies. The CCR program supports activities such as identifying and capturing cultural and historical resources, including through digital means, in communities potentially endangered by climate events, such as wildfires, drought, hurricanes, or rising sea levels; safeguarding cultural resources to mitigate the impacts of the COVID-19 pandemic; collecting oral histories from individuals impacted by extreme weather events or the COVID-19 pandemic, including survivors and first responders; documenting traditional knowledge, memories of elders, practices, or technologies; engaging in collaborative planning efforts to prepare communities for rapid response collecting; and applying insights from cultural heritage identification and documentation projects to inform local and regional community resilience strategies.

# FEBRUARY

## Awards for Faculty (NEH)

**Scope:**

To strengthen the humanities at Hispanic-Serving Institutions, Historically Black Colleges and Universities, and Tribal Colleges and Universities by encouraging and expanding humanities research opportunities for individual faculty and staff members.

**Deadline:**

April 12, 2023.

**Funds:**

\$1.2 million total for up to 20 awards of up to \$60,000.

**Areas:**

Activities may include but are not limited to research in primary and secondary materials leading to the development of books, monographs, peer-reviewed articles, e-books, digital materials, translations with annotations or a critical apparatus, critical editions, or other scholarly resources; research related to institutional or community goals or interests, such as projects that draw on archival collections, collection and interpretation of oral histories, or the development of materials in support of culture or language preservation and revitalization; or research leading to the improvement of a single existing undergraduate course, including the development of humanities resources (for example, oral histories, identification and preparation of previously unavailable archival sources, or newly compiled historical or literary collections.)

[www.grants.gov](http://www.grants.gov); FON# 20230412-HB

## Special Education Parent Information Centers—Technical Assistance for Parent Centers (ED)

**Scope:**

For the Special Education Parent Information Centers—Technical Assistance for Parent Centers to ensure that parents of children with disabilities receive high-quality, relevant, and useful training and information to help improve outcomes for their children.

**Deadline:**

March 28, 2023.

**Funds:**

\$2.9 million for up to five awards of up to \$840,000.

**Areas:**

The absolute priority is to establish one center for parent information and resources (CPIR) that will focus on developing products for all parent centers. Four regional parent training and technical assistance centers (regional PTACs) will focus on providing capacity-building technical assistance to the parent centers in their regions.

# FEBRUARY

## NEA Research Labs (NEA)

**Scope:**

Applications for the NEA Research Labs program announcement for grounded research in the social and behavioral sciences, yielding empirical insights about the arts for the benefit of arts and non-arts sectors alike.

**Deadline:**

March 27, 2023.

**Funds:**

Awards are expected to range from \$100,000 to \$150,000.

**Areas:**

Each lab will design a transdisciplinary research agenda, conduct project activities to execute that agenda, and prepare and disseminate reports and other products or services. These deliverables will contribute substantively to a wider understanding of one of the following research areas: Measuring the Impacts of the Arts on U.S. economic growth and/or innovation; cognition and learning; and on health and wellness for individuals, as well as Monitoring and Improving Systems on community health and/or revitalization; diversity, equity, inclusion, and accessibility in the arts; and other aspects of the arts ecology.

[www.grants.gov](http://www.grants.gov); FON# 2023NEA01ORALABS

## Research Grants in the Arts (NEA)

**Scope:**

To support research studies that investigate the value and/or impact of the arts, either as individual components of the U.S. arts ecology or as they interact with each other and/or with other domains of American life.

**Deadline:**

March 27, 2023.

**Funds:**

Awards ranging from \$20,000 to \$100,000.

**Areas:**

The four research areas are the art's impact on health, education, and the economy; the art's role in community transformation and healing; diversity, equity, inclusion, and accessibility in the arts; and the evolving ecosystem of the arts in the United States.

# FEBRUARY

## English Language Small Grants (DOS)

**Scope:**

Seeks applications for the English Language Small Grants announcement to improve job prospects for Serbia's citizens, expand access to information and knowledge, and promote critical thinking and media literacy.

**Deadline:**

April 1, 2023.

**Funds:**

\$160,000 total for up to 10 awards ranging from \$2,000 to \$30,000.

**Areas:**

Grant activities may take any number of forms, including English language camps, academic competitions, cross-border exchanges, conferences, workshops, courses, exhibits, app development, hackathons, online projects, simulations, role-playing activities, performances, or other activities.

[www.grants.gov](http://www.grants.gov); FON# SRB10023FO-05

## Hispanic Serving Institutions Research Center of Excellence (HUD)

**Scope:**

Seeks applications for the Hispanic Serving Institutions (HSI) Research Center of Excellence announcement to conduct research projects on multiple topics of strategic interest to the U.S. Department of Housing and Urban Development.

**Deadline:**

May 18, 2023.

**Funds:**

\$5.5 million total for up to three awards ranging from \$1.5 million to \$4 million.

**Areas:**

Research projects are intended to initiate an ongoing series of reports focused on housing, community and economic development, and the built environment in underserved communities that can serve as national, local, or regional benchmarks and assist in support of COE(s) that expand the housing and community development research efforts at HSIs. Activities may include articulating research questions and establishing and implementing appropriate data analysis, communicating research findings, and producing informational tools and resources that improve practice and policy for a variety of issues confronting underserved communities. Funds may be used to hire staff for center research and administration only.

[www.grants.gov](http://www.grants.gov); FON# FR-6600-N-29G

# FEBRUARY

## Ruth L. Kirschstein National Research Service Award— Short-term research training (NIH)

**Scope:**

Announcement to develop and/or enhance research training opportunities for predoctoral students interested in careers in biomedical, behavioral, or clinical research.

**Deadline:**

May 25, 2023

**Funds:**

The number of awards depends on appropriations and the submission of a sufficient number of quality applications.

**Areas:**

Activities should support intensive, short-term research training experiences for health professional students (medical students, veterinary students, and/or students in other health-professional programs) during the summer. The program is also intended to encourage training of graduate students in the physical or quantitative sciences to pursue research careers by short-term exposure to, and involvement in, the health-related sciences. Training should be of sufficient depth to enable the trainees, upon completion of the program, to have a thorough exposure to the principles underlying the conduct of biomedical research.

[www.grants.gov](http://www.grants.gov); FON# PA-23-080

## Science, Technology, Engineering, and Mathematics Program (DOD)

**Scope:**

Announcement for a broad range of applications for augmenting existing and/or developing innovative solutions that directly maintain and/or cultivate a diverse, world-class STEM workforce to maintain the U.S. Air Force and Space Force's technological superiority.

**Deadline:**

April 14, 2023.

**Funds:**

Awards of up to \$50,000 are expected.

**Areas:**

Special audience priority areas may include but are not limited to military-connected students, veteran initiatives, and education systems integral to DAF science and technology. AFOSR STEM topic areas include engineering and complex systems, information and networks, physical sciences, and chemistry and biological sciences. STEM interests include a broad range of STEM educational and training opportunities for career and workforce development including but not limited to internships for veterans and underrepresented groups in STEM, professional development opportunities, programs to stimulate analytical/thinking skills, and development of educational resources, among other activities.

[www.grants.gov](http://www.grants.gov); FON# AFOSR: FOA-AFRL-AFOSR-2023-0003

# FEBRUARY

## Incorporating Human Behavior in Epidemiological Models (NSF)

### Scope:

Announcement to support research that incorporates research on social and behavioral processes in mathematical epidemiological models.

### Deadline:

The submission window is April 3, 2023, through April 14, 2023.

### Funds:

Up to \$5.5 million per year for new awards of up to \$3.5 million from NSF and up to \$2 million from NIH/NIDA, with total budgets of up to \$1million for an award duration of three to four years.

### Areas:

The IHBEM program is motivated by the urgent need to provide more reliable modeling tools to inform decision-making and to evaluate public health policies during pandemics and other public health crises, with the premise that important advances may be made by incorporating human behavioral and social processes in mathematical epidemiological models. The goal of this program is to minimize unintended outcomes of public health interventions.

[www.grants.gov](http://www.grants.gov); FON# 23-546

## Pathways into the Earth, Ocean, Polar, and Atmospheric and Geospace Sciences (NSF)

### Scope:

To address the current needs and opportunities related to education, learning, training, and professional development within the geosciences community through the formation of STEM Learning Ecosystems that engage students in the study of the Earth, its oceans, polar regions, and atmosphere.

### Deadline:

March 27, 2023.

### Funds:

An estimated \$6 million total.

### Areas:

Funding tracks include: GEOPATHs Informal Networks for collaborative projects to support geoscience learning and experiences in informal settings for teachers, pre-college (e.g., upper level high school) students, and early undergraduates in the geosciences; GEOPATHs Undergraduate Preparation for projects to engage pre-college and undergraduate students in extra-curricular experiences and training in the geosciences with a focus on service learning and workplace skill building; and GEOPATHs Graduate Opportunities for projects to improve research and career-related pathways into the geosciences for undergraduate and graduate students through institutional collaborations with a focus on service learning and workplace skill building.

[www.grants.gov](http://www.grants.gov); FON# 23-540

# FEBRUARY

## Cultural Transformation in the Geoscience Community (NSF)

**Scope:**

To engage institutions that support Black, Indigenous, People of Color (BIPOC), persons with disabilities, LGBTQIA+, and other individuals from marginalized/minoritized groups, to help promote career advancement and advance Earth system science.

**Deadline:**

April 3, 2023.

**Funds:**

\$10 million total for awards ranging from \$300,000 to \$7.5 million.

**Areas:**

The program will support planning grants and implementation projects. Planning grants are intended to build capacity in the geoscience community to undertake the activities necessary to establish place-based and community-driven Earth system research projects; and Implementation projects will build cohorts of individuals at specific career stages that will design inclusive research programs, conduct community engagement to identify research needs, or participate in community-driven research projects.

[www.grants.gov](http://www.grants.gov); FON# 23-539

## Program Project Grant Applications (NIDA)

**Scope:**

To address critical issues of neuroscience, genetics, behavior, prevention, treatment, epidemiology, etiology, medications development, health services, HIV/AIDS and co-occurring opportunistic infections and associated consequences in people who use or misuse substances or have a substance use disorder, or other research areas relevant to substance use, misuse, or use disorders.

**Deadline:**

Letters of Intent are due 30 days prior to the application due date; proposals are due May 25, 2023.

**Funds:**

The number of awards depends on appropriations and the submission of a sufficient number of quality applications. The maximum project period is five years.

**Areas:**

Programs must be comprised of at least three inter-related research projects judged to be independently scientifically meritorious, complementary of one another, and demonstrate an essential element of unity and interdependence, i.e., a system of research activities and projects directed toward a well-defined research Program goal. A Program must include an administrative core and may also include common or shared resources (Cores) required for the conduct of the research projects. If Cores are included, each must provide infrastructure for a minimum of two of the total number of contributing research projects and result in increased productivity contributing to synergy of the research effort.
